

My editorial theme today will be considered by some earnest people as hardly in keeping with the Christmas spirit of this holiday month—but it is the policy of this newspaper to sharply question the right of any person or organization to weaken tax laws in the name of weakness.

Therefore we think it is fitting to publicize the fact that this week the United States observes the 20th anniversary of the repeal of Prohibition. The repeal anniversary date is December 8—on that day in 1933 when Utah, as the 36th state, ratified, completed enactment of the 21st Amendment.

A memorandum from Vance Scourlock, Arkansas Commissioner of Revenues, is quoted by a liquor industry press release to show that 20 years of Repeal have produced 75 million dollars in direct public revenues from alcoholic beverages, with the greater part of these tax funds going to the support of the public schools, public health and public welfare work in Arkansas alone.

Commissioner Scourlock adds that one of the leading beneficiaries of liquor taxes is the University of Arkansas—to the tune of more than \$700,000 a year.

Of course the Repeal pattern is not uniform throughout Arkansas. Most of the counties are thinly populated, and the combination of a "law" known as Local Option and the well-known habit of some Americans to try to make other people's lives conform to their own has caused the majority of counties to become legally "dry."

It is a comfortable fiction, in the eyes of professional prohibitionists, and an unpleasant commentary on public morality when critically examined—and this newspaper always aims to maintain its position as a critic, whether the target be politicians in government or misguided groups outside of government.

If prohibition is indeed the moral code that its advocates proclaim it to be then its conduct at the Local Option level is indefensible. For the very people who should loudest to outlaw liquor and beer sales in their home county go right on accepting state aid from liquor taxes collected in other counties for the use of their own schools and public agencies after local sales have been outlawed.

In the 19 years that The Star fought for and helped maintain legal liquor sales in Hempstead county—1936 to 1948—the newspaper made it a point of honor not to accept any liquor advertising. I thought this was a rather honorable gesture, for we usually measure morality by how we act when our pocketbook is affected.

History shows that this wet newspaper is more scrupulous than the prohibitionists when it comes to policy. For the prohibitionists shout loudly in a Local Option election where virtually no money is at stake, but they make no outcry whatsoever when it comes to taking for their own schools and welfare agencies the liquor tax money that has been sent back to them from the counties which are still trying to handle the liquor problem openly and fairly instead of running away from it.

If you really believe prohibition is a moral question then all tax money collected anywhere on liquor sales is tainted money and you shouldn't permit it to be accepted or used by your local schools and public agencies. You ought to be willing to strike out this tainted revenue and replace it with higher local taxes on your home and your business.

But I never see mention of anything like this in a Local Option election either here or elsewhere. Someone with a public conscience has to call it for what it is—hypocrisy—when people go tramping down to the polls singing Hallelujah... but expect to keep right on handling the same old sinful dollars the day after.

Council Votes Itself 100% Wage Increase

Hope City Council last night apparently was in a mood for raising salaries and when the session ended the city's monthly payroll was increased by some \$465.

An ordinance was passed by the 100 per cent increase and \$5 for councilmen raising their own salaries from \$25 to \$30 per month, a special meeting which represented no increase. This represents \$200 a month increase to eight ordinance.

A second won approval giving the city treasurer a \$25 per month hike, from \$175 to \$200 and a motion raised the pay of officers James Rowe from \$220 to \$240 per month, following six months of work. Also the group employed an extra policeman, Hugh Bearden, during the Christmas season at a salary of \$220 per month.

The group passed a motion to ask the Board of Public Affairs to secure bids on new 1953 and 1954 model half ton pickup trucks for the Water and Light Plant and another motion was passed instructing the street department to take in the present ton and a half truck for a ton and a half truck from Billy Duckett.

The group is presently taking bids for a new hot water tank for the Community Center.

Pool Halls Are Warned to Ban Minors

Local amusement, billiard and pool hall operators in Hope have been furnished with the following information pertaining to children being in their place of business. The information was furnished by City Attorney W. S. Atkins and Deputy Prosecuting Attorney Royce Weisenberger.

The information follows:

Permitting minors to play in pool rooms — It shall be unlawful for owner or keeper of any poolroom, pool hall or pool parlor to permit any person or persons under the age of 18 years to play pool, billiards, or any other game, or frequent or congregate in such pool establishments. Violators of these provisions shall be deemed guilty of a misdemeanor and upon conviction fined not less than \$10 or more than \$100.

Pool and Billiard Rooms: It shall be unlawful for a licensee or employee of the licensee (a) to suffer or permit licensed premises to become disorderly; (b) to permit any dice to be thrown for money or anything of value, or permit any cards, dominoes, raffles or other game of chance or any form of gambling in the place designated by license or in any booth, room, yard, garden or other place pertaining to said place or connected;

(c) To permit any minor under age of 18 years to enter or remain in such billiard room or place unless accompanied by parents or guardian or place open or to operate between hours of 12 midnight and six in the morning, or to (e) sell, barter, furnish, or possess in such billiard room any intoxicating liquors or to permit any such acts, or (f) to knowingly employ in carrying on the business of such billiard room of any person convicted of a felony.

'Drys' Win Randolph County Vote

POCAHONTAS — Dry Randolph County apparently has rejected a second attempt in three years to legalize the sale of whisky within its borders.

With only five boxes containing less than 200 votes remaining to be counted, the unofficial count in yesterday's local option election was 2,621 dries to 1,333 wets.

Churchill Rides Out Storm to Bermuda Meet

TUCKER'S TOWN, Bermuda — Prime Minister Churchill rode out an Atlantic storm today, and landed in Bermuda's sunshine for the Big Three conference, opening Friday.

The British leader's strategical campaign, broadcast by radio, along the route from Gander, Nfld., to Kindly Field air base, here, British Overseas Airways, operators of the line, said it changed route once but then got back on its regular course. It flew much of the way above 26,000 feet.

The plane landed at 11:31 a. m. (CST). Churchill, bearded and cheerful, stepped from the plane with his 23-member party, including Foreign Secretary Anthony Eden.

French Premier Joseph Laniel is expected tomorrow and President Eisenhower Friday. The President, according to an authoritative source, hopes to win France's ratification of the European Army plan with an assurance the United States then would maintain its present "combat effectiveness" in Europe.

Churchill at 79 is playing host to the conference and had expressed hope it will bring closer the last. Continued on Page Three

Strikes Shut Down Big U. S. Can Works

By W. A. SWARWORTH
PITTSBURGH — A strike by the CIO United Steelworkers shut down the nation's two largest can manufacturers today.

The big union ordered against the out last midnight against the American Can Co. and the Continental Can Co. after a deadlock in negotiations for new contracts. American Can and Continental employ 33,000 USW members in 68 plants in 30 states and five plants in Canada. Of these, American operates 26 in 16 states and one in Canada employing about 20,000 workers. Some 13,000 other union members work in 32 plants of Continental in 14 states and in Canada.

The two companies employ more than 60,000 persons in all. About half of these are not affected since they are represented by other unions.

Closing of the plants will hit the citrus industry hard because it depends on tin cans to market its products. The strike also will affect the steel industry, which supplies most of the metal for cans.

Representatives of both companies met separately with union bargaining teams yesterday and last night in a last-ditch effort to avert the walkout.

Federal mediators stood by until the final minutes waiting for a break — but none came.

Search Continues for Slayer

LOS ANGELES — Both helped and hampered by an aroused citizenry, officers today examined every lead in their search for ex-convict Anthony Barr.

He is wanted in connection with the Nov. 21 shooting of insurance adjuster Andrew J. Knice, 32. Sheriff Eugene Biscailuz yesterday identified the suspect as Barr, 52, formerly of Cleveland Ohio.

After police photos of Barr were published and shown on television screens, Frank Jones reported he had worked with the man at a Los Angeles furniture company until Barr quit on Nov. 3. He told officers he saw the ex-convict Sunday in a parking lot.

Mrs. L. R. Pierson, reported Barr, his wife and four children had been her tenants. She said the family moved Oct. 31, taking the light fixtures and furniture with them and still owing \$54 in rent. Dollie McCormack, formerly of Prairie Grove, Ark., was an eye witness to the slaying of Knice and aided officers in their investigation.

WASHINGTON (UP) President Eisenhower today firmly vetoed any discussion, at the forthcoming Bermuda high-level conference, about admitting Red China to the United Nations.

Mr. Eisenhower told his news conference that the Red China question is not open to negotiation with anybody at the present time. He made the statement when asked whether the entry of Communist China into the U. N. would be "a subject for negotiation" at the Dec. 4-6 meetings with British Prime Minister Sir Winston Churchill and French Premier Joseph Laniel.

Mr. Eisenhower at his news conference likewise refused to make any commitment on whether the United States regards the latest Russian note as a suitable basis for big four meeting with the Soviets.

He said there are points which need study and if this government feels indispensable conditions are met it will agree to the meeting which it has sought for many months.

Mr. Eisenhower pledged that any cuts in American troops strength, made possible through economies, would not affect units closest to hostile position. He said such reduction of American troops could only be attained when political considerations make them possible.

The President has asked whether the entry of Communist China into the United Nations "would be subject for negotiation at the Bermuda meeting."

The President's firm reply vetoed the prospect of any move on Red China either its entry to the U.N. or diplomatic recognition, in his discussions with Churchill.

The President said he looked toward the Bermuda meeting as an opportunity to prevent misunderstandings by reaching positive and cooperative basis of agreement wherever possible, he said the meeting would seek to coordinate Allied actions on a fair basis and to avoid clashes.

Baptist Church Scene of Drama Tonight at 7:45

Tonight at 7:45, at First Baptist Church, Drama, "Her Lengthened Shadow," will be presented. The public is invited. There will be no admission charge.

In addition to the Cast the following have assisted in preparing the production: Mrs. Ben Owen, chairman of the costume committee and mistress of the very valuable wardrobe; Mrs. Royce Smith and Mrs. Frank Douglas co-chairman of the property committee; Mrs. Henry Haynes made the Chinese Head-dresses; Grigg Decorator and Supply donated wallpaper for scenery; Mr. and Mrs. Leo Ray donated Chinese Tapes; Miss Billy Williams is organist.

Miss Jannette Barr is Soloist; Miss Betty Owen is Chairman of Ushers and Usherettes; Mrs. Windie Thompson is Director with Misses Billy Baker, Joyce McRay and Mary Lou Cornelius as Assistants and Miss Ruby Sue Cornelius as Prompter.

The costumes of the play are all authentic. The Confederate Uniform worn in the play, was secured from the Washington Museum, and is one that was used during the war between the states by Mrs. Gus Haynes's father. The Chinese costumes are brilliant in color. All of them came from China, Japan, or Korea and have been donated for use in the play. The Old-Fashioned garment's had spine to the wardrobe.

The Hope Cast has been invited to bring the play to Ouachita College Vesper Services for presentation.

Representatives of both companies met separately with union bargaining teams yesterday and last night in a last-ditch effort to avert the walkout.

Federal mediators stood by until the final minutes waiting for a break — but none came.

Shows, High Winds in State

LITTLE ROCK — High winds and thunderstorms are forecast for Arkansas tonight, but the U. S. Weather Bureau here said there is little danger of full-fledged storms.

Heavy showers, which are expected to cover the entire state by tomorrow, moved into the north-west last night, dumping as much as 1.13 inches of rain on Devils Knob.

A cold front, bringing near freezing temperatures, is expected to enter the state Thursday afternoon.

The forecaster described the winds expected tonight as "nothing more than the winds that usually accompany thunderstorms."

However, he said that "we just want to make sure that the farmers get their airplanes tied down."

Other points receiving more than an inch of rain last night included Ozark, Mountainburg and Lamar.

More than a half inch of rain was recorded throughout northwest and north central Arkansas.

2 Charged With Robbery of Swift Bank

HOKIE — Two ex-convicts captured in a money-littered tourist cabin near here, were charged today with the armed robbery of a branch bank at Swift, Ark.

A State Police Sgt. Wyatt Patrick said the pair, John E. Stanley, 26, and Andrew Jackson Rowe, 33, both of Cleveland, Ark., admitted the \$5,500 holdup of yesterday morning.

Arrest of the men climaxed a 12-hour search by a posse and bloodhounds through a densely wooded area of northeast Arkansas.

Patrick said Stanley had served sentences in Missouri for burglary and at Leavenworth, Kan., for interstate transportation of a stolen car. He reported that Rowe had served three terms in the Arkansas Penitentiary for burglary, one in the Oklahoma Boys Industrial School for armed robbery and was released from the Oklahoma Penitentiary only three months ago after serving a robbery sentence.

The branch of the Bank of Tucker, Ark., was robbed by two men — wearing money sacks and hooded — who broke into the bank, waited for manager Walter McDaniel to open up; and, after robbing the vault and safe, locked him in the vault to gain an hour's start. McDaniel was released by a teller.

An abandoned car found just outside the small East Arkansas city and a farmer's report that he had seen two men duck into the woods from the stalled vehicle started the search that ended at the car in a cabin here some 30 miles north of Swift.

Walker said the men told them they had walked about 25 miles through woods and fields, scampering across roads and railway tracks.

Reports of the men's trek northward came from one couple who told of seeing two men cross Highway 67, and a farmer who reported giving two strangers a ride in his wagon.

Bloodhounds led the posse of some 100 men to a Tuckerman bank wrapper for \$1 bills, lying in a wooded section near Hoxie.

The baying hounds were about a mile from here when State Trooper Kenneth Bean got a tip that one of the men was in a drug store in neighboring Walnut Ridge.

Meanwhile, Walnut Ridge Marshal W. B. Roney saw a stranger leaving the store, notified Bean and his brother, Clarence—who is chief of police — and the trio trailed the man to the tourist cabin.

Bean said they knocked on the door and when one of the men answered, burst into the cabin. The pair offered no resistance, he said.

The unshaven, disheveled pair was taken to Newport after the arrest. Walker said they would be confronted with McDaniel early today.

100 Hurt in Texas Tornado, Snow Brewing

BY UNITED PRESS

A heavy snow storm was brewing in the Prairie states today after a late-season tornado raked Central Texas, injuring more than 100 persons.

The weather bureau forecast four-to-six inches of snow, lashed by high winds and accompanied by falling temperatures, for Kansas and Nebraska and similar storm conditions for parts of the Texas panhandle and Oklahoma.

Weathermen said the storm, which began to develop in New Mexico, would move northeastward today and tonight.

The Texas tornado struck last night at and around the town of Seguin. Only one of the injured persons was seriously hurt.

"It was just a miracle more weren't killed," said Guadalupe County Sheriff Bill Modlin.

The weather bureau attributed the tornado, unusual for this time of year, to the air disturbances caused by the advancing cold front.

Pasco Morgan, whose house was one of nine destroyed by the tornado, was hospitalized with a broken leg, but other victims, about 150-200 persons, did not require such treatment.

As the tornado whipped Seguin, rain and thunderstorms struck some other Texas cities and a short-lived dust storm whirled over El Paso.

Austin, Tex., reported 2.04 inches of rain in six hours and other thunderstorms were common in east and central Texas.

Mobai air and rain was pushed northward across the Midwest by the advancing cold front and snow storm, bringing hope of relief to drought-stricken areas.

Temperatures were forecast to climb to mild levels in areas east of the storm.

But by tomorrow, weathermen said, the cold air will have edged into the Upper Mississippi Valley. Separate cold front, blowing out of Canada had already brought light snow and chill weather to Western Minnesota and Iowa.

Reds Didn't Return 8608 Americans

WASHINGTON (UP) — Gen. Matthew B. Ridgway charged today that the Communists in Korea failed to return 8,608 American prisoners known to have been victims of Red atrocities.

The Army chief of staff told a Senate investigating subcommittee that Defense department figures show 13,239 soldiers, sailors, airmen and marines were subjected to "inhuman" treatment. Of these, he said, only 4,631 have been repatriated.

This "tragic void," Ridgway said solemnly, "can be directly attributed to Communist mistreatment of prisoners."

Ridgway was first witness in a three-day series of hearing which will include GI's eyewitness accounts and first hand descriptions of atrocities.

Although several television cameras recorded the testimony, there was no "live" tv as originally announced.

The former United Nations supreme commander read to the subcommittee, headed by Sen. Charles E. Potter (R-Mich.), a "staggering list" of atrocities he said were proved beyond question. It included:

Southwestern United States leads the world in Borax production with Chile second.

Engravers to Vote on Strike Issues

NEW YORK — AFL photoengravers refused today to end a strike which had closed all of New York's major newspapers.

By a vote of 200 to 47, the strikers rejected a plea by their international union chief to accept arbitration on four major issues.

The government also had asked the union to submit the issues with six New York publishers to arbitration or to a decision by a neutral party.

The strike now is in its fifth day, but no end in sight. Immediately what steps now will be taken to end the deadlock.

NEW YORK — AFL photoengravers will vote today on whether to arbitrate the four deadlocked issues in a strike which has closed down all seven major newspapers in the city.

Publishers of six struck newspapers have agreed to arbitrate the four remaining issues, and union negotiators said they would submit the proposal to a membership meeting of Local 1 of the AFL International Photoengravers Union. Union officials have said that only the membership has authority to approve a strike settlement.

The Herald Tribune, the only major paper in the city not struck, suspended publication Monday night in sympathy with the other dailies. The Herald Tribune was not struck because its photoengraving is done by an outside commercial firm.

The issue before the striking engravers today were wages and welfare benefits hours the number of annual holidays and the duration of a new contract.

When today's vote was arranged last night, Federal Mediator Bernard J. Forman said: "I am hopeful the arbitration proposal may receive a favorable reception."

The publishers agreed to arbitration last week, before the strike started and at a time when there were more issues in dispute. The photoengravers rejected arbitration at a membership meeting Friday, and the strike became effective early Saturday.

Auto Safety Belt Could Save Lives

By ALON L. BLAKELEE

ST. LOUIS, Mo. — Safety belts in automobiles could save thousands of lives in highway accidents, an American Medical Association exhibit suggested today.

It found that 453 out of 632 persons killed in one year in Indiana probably could have survived by some safety changes. They were not killed by a sudden collapse of their cars. They died from being thrown and tossed, safety belts, crash helmets, or safety changes within cars apparently could have given them a new ticket on life.

The exhibition is presented by Sgt. Elmer Paul, head of the auto crash injury research section, Indiana state police, and Trooper John B. Klein. It is part of a symposium on prevention of highway deaths at the AMA's mid-winter meeting opening today.

Of 632 persons killed in accidents analyzed in 1952, more than half died of skull fractures, 15 per cent from neck injuries, and 22 per cent from chest injuries. Many of the chest injuries were caused by steering wheels or posts.

Ex-Russian Says He Can't Testify Safely

ST. LOUIS, Mo. (AP) — The Post-Dispatch, in a copyrighted story said today (ago Gouzenko had decided "to testify in safety" before the U. S. Senate in internal security committee.

The Post-Dispatch quoted the former Russian cipher clerk, now hidden from the Russian secret police, as saying in an exclusive interview that he has no place in Canada that he has nothing new to give except advice.

Gouzenko told the newspaper "the choice before me is either the conversation with the United States officials or the safety of my family and myself."

"I choose safety, not because to me it is better, but because I consider, do otherwise would be foolish considering the safety of my family is not just a personal matter."

The Post-Dispatch said Gouzenko believes that to testify before the Senate committee "would endanger the dialogue he has so carefully cultivated to hide his identity and new home, somewhere in Canada."

The story was carried in the Post-Dispatch under the byline of Gouzenko.

Gouzenko, who fled the Russian embassy at Ottawa on Sept. 5, 1951, and was granted asylum by Canada, said "Canadian and United States security is also involved."

"In fact I have a direct bearing on the advice I had intended to give to the United States representatives. As I have already stated twice, I have no information I have not already given to the Canadian government."

"My reason for thinking the talk with the Americans would be worse, while it is because I can give advice, which, if evergetically adopted, would be much more important and bring much more practical results than mere fragmentary information."

"I thought that only by a personal talk could I convey such advice in detail. Since now it is clear that the talk will not take place I want to do the next best thing — to outline in writing the major part of my suggestion in order that it may be discussed in the open as it can and should be."

"The suggestion briefly is to create conditions which would make it more likely that a man in a similar position to mine would follow in my footsteps, bringing documentary evidence."

Disagree on Wartime Use of Labor

By NORMAN WALKER

WASHINGTON (AP) — Union and management officials have agreed to oppose any form of conscription of labor in wartime but government agencies are reported still toying with the idea.

Details of the agreement of organized labor and management men were outlined today by AFL President George Meany in the AFL's monthly magazine, and were confirmed by a government source familiar with the situation.

Meany said representatives of the National Assn. of Manufacturers and U. S. Chamber of Commerce have agreed with the AFL, CIO and railroad labor organizations that, in case of all-out war, the government should not have authority to order workers to take particular jobs.

It was reported that Defense Department and selective service officials are not sure, however, that manpower requirements in certain industries can be satisfied in the event of war without some such power.

"The matter is being thrashed out quietly. The labor-management committee's report, marked 're-styled' and advising against any form of wartime labor conscription, has been filed with Defense Mobilization Director Arthur S. Flemming."

Tax Collections Take a Big Dip

LITTLE ROCK (AP) — Tax collections in Arkansas last month dropped \$45,077 below revenues received during November of 1952.

Revenue Commissioner Vance Sourlock said yesterday that last month's total was \$9,407,627 as compared to \$9,452,904 collected during November of last year.

Sourlock said the largest decrease came in income tax collections, which declined about \$273,000.

Roby Beardon, head of the department's Income Tax Division attributed the loss to lower payments from large businesses. Firms estimate their taxes for the year in May and at that time pay one half of what they believe their total tax bill will be.

Beardon said that because of business drops, many firms had paid more than one-half of their taxes in the first installment.

Sales tax collections during the month totaled \$2,585,182, a \$4,000 increase over November of 1952.

New York Is Still Without Newspapers

NEW YORK, N. Y. (AP) — Newspaper publishers in New York City are still without a new paper today.

The shutdown of all the print shops of the city's publishing history. Representatives of the AFL, CIO and the Photo-Union and of the city's more than 20,000 employees were idled.

The Herald Tribune, which published a streamlined eight-page edition yesterday, announced last night that it was suspending until further notice.

The newspaper's announcement, which said it would not be used as an instrument to force a strike settlement on the other newspapers, read in part:

"We take this action because it is clear that the continued publication of the Herald Tribune is not a normal collective bargaining contract containing a new contract to enforce demands for a new contract containing a 25-cents-an-hour wage boost."

The company continued production during the strike by replacing strikers with non-union employees.

LITTLE ROCK (AP) — A 43-day strike against the Little Rock Furniture Co. ended yesterday when about 100 workers began returning to their jobs without a contract.

International Representative W. L. Smith of the CIO United Furniture Workers said the union would continue to seek a contract with the firm.

High Scoring Features First Cage Games

By BEN PHLEGAR

NEW YORK (AP) — Any college
with a back-seat scoreboard that
can register over 100 points bet-
ter for the cage game this season.

Points from the first big col-
lege cage game this season were
in the three-figure category with
nothing under 30 almost certain
to belong to a cage club.

Six of last season's top cage
clubs were in the top 10 in the
nation last night and all but
one were in the top 20.

Not all of the big clubs were
successful, however. The Cal-
ifornia Bears, supposedly the best
club on the Pacific Coast, were
chumped 51-33 by San Francisco
in one of the biggest cage games
of the night. Texas A&M of the
Southwest Conference was led by
Lamar Tech of Beaumont, 30-23,
and Clemson of the Atlantic Coast
Conference lost before the skill
of little Presbyterian 32-01.

North Carolina State, perennial
Southern powerhouse, bit the can-
tary mark against Furman, win-
ning 66-71 although Frank Setz
scored 31 points for the losers. Setz
overcame 29.9 points a game in
leading the nation's scorers in the
1932-33 season. State was ranked
10th in last spring's final Associ-
ated Press poll.

St. John's of Brooklyn, runner-
up in the 1933 National Invitation
tournament, was ranked 12th.

ALBANY, Ga., Dec. 2. — The minor
leagues, trying desperately to save
themselves from financial ruin, to-
day faced the worst dilemma in
their 52-year history.

As the convention moved into its
third day, the minors found them-
selves torn with inner strife, re-
bellion, charges of piracy and
open dissent in the ranks. There
also remained that ever-pres-
ent, major league radio and tele-
vision invasion of their territory.

Unable to get help from the ma-
jors and apparently unable to help
themselves, the little fellows
are being ground deeper and deeper
into the financial swamp.

In an unprecedented action
Frank Shaugnessy, the highly re-
spected president of the Interna-
tional League, was forced to de-
fend himself against the charge
that he was trying to steal Pied
mont League territory (Richmond,
Va.) as a new strait for his own
weakened loop.

Shaugnessy, faced an accusing
Frank Summers, president of the
Piedmont League, before minor
league Car George M. Trautman.

Bowl Lineups Are Complete
NEW YORK (AP) — Promoters of
the nation's major football bowl
games crossed their fingers to-
day and hoped their contestants
would live up to their regular-
season performances.

The bowls which go after big
conference talent completed their
lineups yesterday. The Tator Bowl,
at Jacksonville, Fla., came up with
Auburn of the Southeastern Confer-
ence against Texas Tech of the
Border Conference.

The Sun Bowl at El Paso, meet-
ing of the slightly smaller schools on
New Year's day, picked Mississip-
pi Southern to meet Texas Western.
Only two "receptive" schools out
of the top 20 teams in the final As-
sociated Press poll of the country's
best were left without Jan. 1 en-
gagements. Texas, No. 11 and co-
champion of the Southwest Confer-
ence, was theoretically eligible as
was Kentucky, No. 16, from the
Southeastern Conference.

Indian Fox to Fight Buddy Farmer Friday
Friday night's wrestling card will
bring the highly regarded full-
blooded Comanche Indian Kit Fox
to the local Coliseum arena and his
opponent will be Buddy Farmer who
is no stranger to local wrestling
fans. The Farmer weighs in at 215
pounds and is a former champion
of the local Coliseum arena. The
opening match will pit
Walter Whittier 210 pounds, against
Bob Clay, 200 pounds. Both of
these boys have wrestled here be-
fore and are considered top by
Hope fans.

Woit Was Regular for Four Years
JONESBORO (AP) — Richard
(Rich) Woit, the halfback who
led Arkansas State College to an
undefeated 1933 football season
and won spot on the Associated
Press Little All-America team,
has gained nearly two and a quar-
ter miles rushing for the Indians
in four seasons.

A starter since he first appeared
on the campus here as a fresh-
man in 1930, the 175-pounder Chi-
cagoan has lugged the leather 771
times for 3,947 yards — an aver-
age of 5.1 yards per try.

He's scored 37 touchdowns for
242 points — a total that leads the
nation's scorers big and little —
colleges, like, over the past four
years.

Statistically, Woit has had his
worst season in leading the Indians
to eight victories, a tie and a loss
in the Tangerine Bowl this aver-
age.

Drafting Has Started in Major Leagues

By JOE REICHLER

ATLANTA, (U.P.)—The major league draft, which netted 13 future stars from the minors for \$12,500, may have opened the door for future trades and the big league teams may now feel disposed to toss established players into the trade market.

Baltimore, for instance, drafted Vinny Garcia, a highly touted second baseman from Shreveport, and veteran centerfielder Chuck Diering, a proven ball hawk, from San Francisco, that would seem to open up the possibility of a deal involving second baseman Bobby Young, centerfielder Johnny Groth, The Orioles are sadly in need of a first and third baseman as well as pitchers.

Garcia batted .305 last season. He was No. 1 pick in the draft. Diering, former St. Louis Cardinal and New York Giant outfielder, never hit in the majors but is a fine defensive outfielder. He hit .322 with Minneapolis, Detroit endeavored to plug an infield weakness by drafting first baseman Charlie Kres, .317 at Rochester and second baseman Harry Bright, .284 at Memphis.

The White Sox, in dire need of left-handers to supplement Billy Pierce, grabbed two southpaw pitchers, Al Sima from Chattanooga and Jack Thompson from Baltimore of the International League. Both have seen big league service. Cleveland bolstered its pitching staff by selecting right-hander Dom Brackish, voted the outstanding in the Texas League. Brackish had a 15-12 record with last place Beaumont. The Indians also grabbed an Eastern League standout, shortstop Tom Kozewski, who hit .235 and fielded brilliantly at Wilkes Barre. Kozewski, a Giant farmhand, was taken off the Minneapolis list.

Two of the Brooklyn Dodgers' choice farm prospects were lost in the draft. The Philadelphia Athletics took second baseman Forrest Jacobs, who hit .282 at Fort Worth. The other dodger chattel to advance was pitcher Jim Melton 10-10 at Mobile, picked by Cincinnati. Jacobs was on Montreal's list and Melton on St. Paul.

Perhaps two of the prize plums are outfielder Gerry Lynch and pitcher Royce Lint drafted by the Pittsburgh Pirates and St. Louis Cardinals respectively. Lynch, a up the class B Piedmont League with the class B Piedmont League with a league-leading .333 batting mark before he east advanced to Kansas City.

The Chicago Cubs with a bad centerfield problem all last season, chose Luis Marquez, former Brave outfielder. Marquez, batted .292 and stole 37 bases with pennant winning Toledo of the American Association.

Seven of the 10 clubs disclaimed from the draft include the world champion New York Yankees and National League pennant winning

Lattner Cops Player of Year Award

SOUTH BEND, Ind. (U.P.)—If Johnny Lattner gets on his feet to address his hosts at the Maxwell and Heisman awards dinners, whose prospect may witness a neat bit of sidestepping.

Notre Dame's brilliant 20-year-old halfback, voted both awards yesterday, is just as hard on corner in conversation as he is on the football field.

That's especially true when the subject is Johnny Lattner. Asked by a reporter for his reaction to being chosen to reallocate football's top two individual honors, the boyish All America hesitated, then said it was "sure a thrill."

However, he hastened to turn the talk to the Irish team. Said John:

"I'm sorry the team missed getting the top ranking in the national poll. We were all doing our best Saturday against Southern California, shooting for it. I seem to be getting all the honors and the team missed the big one."

Lattner had perhaps his finest day of the season, scoring four touchdowns and running 157 yards from scrimmage as the Irish beat USC 43-14.

How about that performance? "Well, we were all trying hard. That Neil Worden is great. Fullback Worden averaged nearly 100 yards in 15 smashes against USC. You know, he practically carried the whole offense in our opening games. I hurt my ankle."

Lattner played both ways — on offense and defense — even before this year's revision of the substitution rule made it mandatory. Which does he like best?

"I like both."

Does he think he'll play professional football?

"I'd like to but I'm in the Air Force ROTC and may have to go into service after graduation. I haven't been thinking about it too much."

Brooklyn Dodgers. The minors go about their own draft today.

Two clubs signed new coaches. The White Sox signed Marty Marion farm manager of both St. Louis clubs and the Athletics named Augie Galan. Marion replaces Roger Cramer. Galan managed Oakland last season.

The Giants, making room for a much-needed starting pitcher, shunted Monte Kennedy to Minneapolis.

U. S., Britain to Agree on Big 4 Meet

WASHINGTON (U.P.)—The United States, Britain and France probably will agree quickly at Bermuda on a terse favorable but questioning reply to Russia's proposal for a Big Four meeting.

Indications strongly suggest, however, that even though a four-power session is held, probably at Berlin in about two months, it will simply be a conference table continuation of the deadlock between Moscow and the West which has been pointed up in the recent exchange of notes with Russia.

Two sets of facts stand out in this regard:

1. Secretary of State Dulles told a news conference yesterday the only real issue in East-West relations is a "fresh breath of freedom" behind the Iron Curtain. In other words, Dulles says, the Western world's purpose in meeting with Soviet Foreign Minister Molotov will be to try to reduce the area of the Kremlin's control through agreements covering Eastern Germany and Eastern Austria.

2. Molotov said in his note last Thursday proposing the meeting in Berlin that the one big thing Russia wants to talk about is a place for Red China in the councils of the great powers. In other words, Molotov has made clear he will demand agreement's from the three Western Powers recognizing an enlarged area of Soviet influence, if not domination.

Red China and Eastern Germany and Austria are widely separated places, but the principle running through these contradictory propositions is the same. There is presently an evidence of any room for compromise between the Soviet determination to expand its power and the determination expressed by the United States at least on the Western side to force that power to pull back.

The United States bought its first military aircraft in 1909, six years after the Wright brothers made their first airplane flight.

In 1953 the average hourly pay of U. S. auto workers was \$2.08.

Feels Ike's Plan Should Be Studied

WASHINGTON (U.P.)—Sen. Fulbright (D-Ark.) said today he thinks the Democrats can adopt a constructive approach to President Eisenhower's legislative proposals but that doesn't mean the Democrats are going to agree to everything the Republican administration proposes.

He commented in an interview on A. J. E. Stevenson's remark yesterday that he thinks the Democrats ought to disregard the "provocation" he said and been given them by "attacks on the Democratic party" and view Eisenhower's legislative proposals strictly on their merits.

Sen. Symington (D-Mo.) said he thinks the public is "much more interested in the price of farm products, the high cost of living and what is going to be done about modernizing this country's defenses than in the Harry Dexter White Case."

Stevenson, the 1952 Democratic presidential nominee, made it clear at a news conference yesterday that in speaking of "attacks on the Democratic party" he was alluding to the charges leveled by Atty. Gen. Brownell against former President Truman in the White House case. Stevenson has defended Truman's record as a vigorously anti-Communist one.
